Pennsylvania Wreck Claims 25 Lives; 141 Persons Hurt

Five of Dead Are Still Unidentified; P.U.C. and Railroad Begin Investigation; Some Persons Expected to Die.

Altoona, Pa., Feb. 19 (AP)—A heap of twisted metal scattered over a desolate mountainside was all that remained today of the Pennsylvania Railroad's flyer, the "Red Arrow," that crashed yesterday, killing 25 persons and injuring 141 others as it plunged over a 150-foot embankment.

An investigation of the wreck, one of the worst in railroad history, was started by the Interstate Commerce Commission, the Pennsylvania Public Utility Commission and the railroad.

Meter Installation To Begin Feb. 25

Steuding Says Equipment Is in City; Is Awaiting Good Weather

Preliminary work for installation of parking meters in Kingston will start about February 25, Superintendent Ernest B. Steuding announced at the Board of Public Works monthly meeting yesterday in the mayor's office.

Mr. Steuding said that all necessary equipment had arrived in Kingston and he was waiting only for some decent weather so that concrete bases for the meters could be poured.

A representative of the parking meter manufacturing company will be in Kingston for a few days to supervise the preliminary phases of the installation.

According to the January report submitted by Superintendent Steuding, Board of Public Works trucks disposed of 890 loads of ash and rubbish, covering 3,459 miles. City trucks disposed of 392 loads of waste material at the incinerator and 382 loads at the city dump. Private trucks accounted for 435 loads at the incinerator and 212 loads at the dump.

The snow removal report indicated that 582 miles of city streets were plowed by trucks, with 46 hours of plowing for graders. A total of 714 loads of snow were picked up by machine and 438 loads were picked up by manual labor.

Donald Hopper of the Town of Ulster was certified as dog warden and was notified that the usual fee of \$1 per dog destroyed by the city is still in effect.

A communication from Louis Navarra offering the city a deed to Navarra street which is located near Linderman avenue was referred to the city engineer.

Requests for new street lights at Minor Place, Fairview avenue and Pearl street extension were referred to the lights committee of the Board.

Uranium Output Halted

Washington, Feb. 15 (AP)—Western mine owners said today the Senate battle over David E. Lilienthal's nomination to head the Atomic Energy Commission is stymieing output of uranium—prime source of all man-made nuclear energy. As the confirmation hearings moved into a fresh day, a group of Colorado and Utah uranium producers said 300 mines in those states are idle for lack of answers to two questions: When will the government start buying uranium from the mines, and what price will it pay?

Ulster Firemen Plan Convention And July Parade

Kingston Is Included in Line of March; Port Ewen to Be Main Point

Plans for the annual convention, and efficiency proposals for the mutual aid fire protection system were discussed at a meeting last night of the Ulster County Volunteer Firemen's Association in the Willywack School gymnasium, Town of Esopus.

Five of the dead were still unidentified, two of the bodies mangled beyond recognition. The dead included 16 passengers, six railway mail clerks and three members of the crew—an engineer and two firemen—which manned the twin locomotives in the train's tortuous climb over the Allegheny Mountains.

Many of the injured lay in critical condition at Altoona's two hospitals, some expected to die. Nobody knew what caused the 14-car passenger train, en route from Detroit to New York, suddenly to leave the rails as it headed into Bennington Curve, two miles west of the famed "Horseshoe Curve," in the pre-dawn darkness.

Its sleeping passengers, jarred awake to death and pain and disaster, incoherently described only a "series of bumps" before the grinding crash of disintegrating steel.

Five cars toppled into the gully with the locomotives which lay on their side, half buried in packed snow and the fill which the railroad uses on its snake-like roadbed. A mail car, a combination baggage-passenger, day coach and two sleepers were sprawled in the wild gully below.

A diner and two sleepers teetered perilously, half over the edge of the slope. Two other sleepers were derailed and three cars remained on the tracks.

The chief asked for full cooperation in a test call which is planned for the system in the near future.

Walter Johnson, counselor of the association, said the meeting for the next night.

Talks on Mutual Aid

Fire Chief Joseph Murphy urged responsible firemen to keep the mutual aid system effective. The delegates were requested to inform him of any changes in telephone numbers of the various companies in the county so that extra equipment can be dispatched without delay when needed.

The annual banquet of the association is scheduled for Thursday, July 24 and its business meeting for the next night.

All apparatus of the various companies in the association will meet in Kingston at Albany avenue and Broadway. If the plan is carried through, the motor units will then proceed down Broadway and to Port Ewen on the route leading over the bridge. The official parade will be held in the village.

The annual banquet of the association is scheduled for Thursday, July 24 and its business meeting for the next night.

Walter Johnson, counselor of the association, said the meeting for the next night.

O.P.A. May Quit Enforcements Due To Lack of Funds

Rent Ceilings, Sugar Ration and Few Remaining Controls May Be Left on Limb

Washington, Feb. 19 (AP)—O.P.A. down to its last million dollars unless rescued by the Senate, insisted today it may have to quit enforcing rent ceilings, sugar rationing and the few remaining price controls within 72 hours.

Price Administrator Max McCullough declared that the House decision to slash \$9,000,000 from the agency's current appropriation will—if upheld by the Senate—put O.P.A. out of business four months before its scheduled expiration date.

It appeared doubtful, however, that the Senate would act on the matter before Friday, thus putting the whole issue over for perhaps another week, or longer. The bill cannot be made effective until passed by both houses and signed by President Truman.

Recommended by the House Appropriations Committee, it went through as part of a \$13,380,000 deficiency appropriation bill late yesterday.

The committee's formal report said O.P.A. still would have enough money left to "discharge its full responsibilities under the law, wind up its affairs and turn over all necessary record to the archivist" by June 30. Chairman Taber (R-N.Y.), estimated the cut would leave the agency \$18,000,000.

But McCullough gave reporters a different picture at a news conference a little while later. He said: "O.P.A.'s 1947 fiscal year appropriation is \$18,000,000."

Parmalee Is Given Dannemora Term

Participant in Elms Holdup Gets 3 1/2-7 Years in State Prison

Robert Parmalee, 22, of Poughkeepsie, one of the four men who robbed The Elms at Rosendale last December was sentenced to an indeterminate term of from 3 1/2 to 7 years at Clinton State Prison at Dannemora in County Otsego this morning. His sentence was the same as that imposed on the others involved. Robert Parmalee, represented by Charles Gaffney, was not sentenced when the other three were, since he was ill at the hospital. While in jail he was seized with an acute attack of appendicitis and was operated upon. His term, like the others was at hard labor and he was credited with the time he has served in jail.

Parmalee and three other Poughkeepsie youths entered the Rosendale grill and at gun point robbed the place.

The matter of Frank Crinko, now in Auburn prison, who stood to be released because of what he claims was an illegal sentence, was adjourned until 10 o'clock Thursday morning.

Trial before the court and a jury of a negligence action brought by Earl DeWitt, Wallkill prison guard against Walter McNutt, was taken up. Peter H. Harp and N. LeVan Haver appeared for plaintiff and the defendant is represented by Andrew J. Cook, Jr. Dr. DeWitt claims he was injured and his car damaged to the extent of some \$300 in a collision with the McNutt car at the junction of Routes 44 and 55 with 208. Plaintiff contends he stopped at a stop sign, then proceeded across the intersection when he suddenly saw the McNutt car approach. Traveling east he continued on and claims his car was struck after it had crossed the center of the intersection. He contends the McNutt car, driven by Mrs. Richter, swerved to the left and the cars collided on the left side of 208. The DeWitt car was overturned. DeWitt was treated by Dr. Reid for a cut hand, concussion of the brain and a chest and back injury. He was unable to work for three weeks and claims permanent injury. Defendant's car was proceeding south and defends the action on the grounds that the driver of that car was not negligent and not responsible for the accident.

Too Prejudiced, He Says

Los Angeles, Feb. 19 (AP)—In the opinion of one jurist, a colleague who instituted a move to set aside actress Laraine Day's divorce is too prejudiced to hear the matter, but his disqualification is "no disgrace." Thus Superior Judge George A. Dockweiler was barred today from hearing an order to show cause why his original decree—which a month ago legally parted Miss Day and airport manager J. Ruy Hendricks—should not be vacated.

Supreme Court Justice Says Court Had No Jurisdiction Over Matter

Stern Record Cited

Congressman Says Files Show Stern Is Front for Communists

Albany, N. Y., Feb. 19 (AP)—Supreme Court Justice Harry E. Schirick of Kingston today dismissed a petition brought in behalf of New York city "rent marchers" to compel Republican legislative leaders to keep the Senate and Assembly chambers open.

Schirick threw out the petition on motion of Solicitor General Windell P. Brown, who argued the court had no jurisdiction over the legislature in the performance of its official duties.

The proceedings were a sequel to the barring of the "rent marchers" from the legislative halls yesterday.

The marchers contended the ban was unconstitutional. In this they were supported by the Democratic legislators, who refused to participate in any official business and staged a "sitdown strike."

As a consequence, Governor Dewey's record \$671,435,557 budget was approved by both Houses with only the Republicans voting.

Schirick said that when the compulsory order was sought yesterday he had "great doubt" whether he had jurisdiction.

He signed the order "after the research," he said, but added that after further study he now felt that the position of the solicitor general was correct.

Up to Legislature

"How the legislature is to conduct its business, with doors open or shut," he said, "lies within the province of the legislature to determine."

Referring to "constitutional commands addressed to the legislature," he added: "Obedience thereto cannot be enforced by a coordinate branch (the judiciary) of government. It must be presumed that one branch will be equally loyal with the others to the mandates of the basic law."

Schirick said that at the outset he was "confronted with an obstacle which prevents full adjudication of the merits" of the action.

"The petitioner," he said, "has appealed to one of the three independent arms of the state government, the judiciary, to restrain or regulate another arm, the legislative, in the conduct of its peculiar function."

"This the judiciary cannot do."

May Have Redress

The inference was drawn that the marchers had other legal redress, namely a suit challenging the validity of any legislation passed yesterday.

The marchers, who came here to support rent and housing legislation, were barred from the legislative halls. A group disorder might ensue if they were admitted.

Morris Zuckman, attorney for the petitioner of record, Edward Guinier, legislative representative of the C.I.O. United Public Workers, said he did not know whether he would appeal.

Before rendering his decision, Justice Schirick denied Zuckman's motion for a week's adjournment. The court said that "it's not the merits of the case we are determining now, but a matter of law—whether this court has jurisdiction to sign the order."

Brown, in a brief filed with the court, said his motion to vacate the order was based on what he called "lack of power of one of the three great branches of government to coerce either of the other two in performance of the functions entrusted to it by the constitution."

Brown added that there was "no possibility of doubt that under our constitution, as interpreted by the Court of Appeals, this court may not interfere with the operations of the legislature in session."

Referring to a "sitdown strike" of 75 New York city war veterans in the state senate last October, and other demonstrations in the legislative chambers in the 1930s, Brown said the action of G.O.P. leaders in barring the rent marchers was ordered "only because the safety of the public required it and because the dignity of the legislature."

CARL JANASIEWICZ

Carl Janasiewicz is one of Kingston's newest patrolmen but his experience puts him in the category of veteran officers who have really seen action in performance of duty. This young ex-serviceman, considered a rookie in police work, was the target for Roland Ladd, 16, Mechanicville gun-toter, who tried to shoot his way out after Janasiewicz held him for questioning as a suspicious character. The rookie cop picked up Ladd and a companion, John Bruce McWhinnie, when they approached him about a night's lodging. McWhinnie, lured in his attempted flight by Robert S. Chesterman, a guest at the Governor Clinton Hotel, is in jail. Ladd, who made good his escape after shooting at Janasiewicz, is the subject of a seven-state manhunt.

Roland Ladd Who Fired on Cop Is Still at Large

Youthful Gun-Toter Is Hunted in Seven States After Shooting Affray Here

A seven-state police dragnet today was still seeking to close in on Roland Ladd, 16, of Mechanicville, who made a daring getaway from local police Monday evening near the Governor Clinton Hotel, while his companion, John Bruce McWhinnie, 17, also of Mechanicville, languished in the Ulster county jail awaiting action of the grand jury on a first degree robbery charge for allegedly holding up Mrs. Clara Chichester, elderly guest in one of the hotel rooms.

McWhinnie was captured at gunpoint about 7:30 Monday in the parking lot in the rear of the hotel by Robert S. Chesterman, an insurance adjuster who is a resident guest at the hotel. Chesterman was drafted by the police to assist in the dramatic manhunt and eventually proved to be the hero.

West Coast Oil Workers' Strike Is Delayed 24 Hours

San Francisco, Feb. 19 (AP)—A U. S. Conciliation Service commissioner announced today a strike of approximately 20,000 C.I.O. oil workers in five western states, scheduled to begin at 10 a. m. (P.S.T.) had been postponed for another 24 hours.

Frank Wenig said the decision had been arrived at in a telephone conference with C. A. Knight, president of the C.I.O. Oil Workers International Union, who last night announced in Long Beach that all efforts to settle the wage dispute between the oil workers and seven major oil companies had failed.

"One final effort to reach a settlement will be made today at a meeting of the union representatives and the Standard Oil Co. in El Segundo, near Los Angeles," said Knight in a statement released by Wenig.

The dispute, which had been expected to cause an immediate reduction in gasoline supplies in California, Washington, Oregon, Nevada and Arizona, is over an oil workers' demand for a 25 cent an hour pay raise above their present basic wage of \$1.40. The union later cut its demand to 22.5 cents.

The oil companies concerned are Standard of California, Shell, Union, Tidewater Associated, Rich-

field, Texas and General Petroleum. Counting subsidiaries, 63 petroleum companies would be struck.

A Shell Company spokesman said workers had been offered a monthly wage increase, plus a cost of living adjustment, equivalent to an increase of 20.2 cents per hour. However, union negotiators disagree with the oil companies' argument that the company offer would be equivalent to 20.2. The union says half of it—the cost of living bonus—could be cancelled in six months.

The supply of natural gas to homes and offices in the Los Angeles area would be reduced by the strike. Utility companies plan to ration gas, if necessary.

Liability Rates
Increase; Damage
Settlements Hit

A 30 per cent increase in automobile liability insurance rates for private cars went into effect in New York state and 26 other eastern states and the District of Columbia on February 17. The National Bureau of Casualty and Surety Underwriters blamed the increased cost of settling damage claims for the boost.

This 30 per cent boost applies to property damage only. The rate for commercial vehicles jumped 40 per cent and a 10 per cent increase was made in the personal injury liability.

Insurance men claim a record mileage of over-age and unsafe cars, increased speed limits and deterioration of roads are to blame for the high number of damage claims last year.

During the war speeds were reduced to eliminate gas wastage and gasoline rationing cut down the miles cars were driven. Lifting of these restrictions last year was blamed for a big increase in accidents. It is claimed that in 1946 there was a 30 per cent higher average for settlement of claims for bodily injuries over 1941. Property damage claims have risen 80 per cent above 1941 because of increased cost of labor and materials. The increase in settlement of bodily injury claims is due to increased income and higher hospital costs.

Local insurance men who are renewing policies due after February 17 are using the new rate and car owners will find a considerable increase in premiums.

V.F.W. Condemns March on Capitol

Move Is Called Subversive in Resolution

Albany, N. Y., Feb. 19 (AP)—The State Veterans of Foreign Wars is on record as "condemning" yesterday's march on the State Capitol by about 1,000 New York city residents.

A resolution adopted by the V.F.W. at its legislative dinner last night called the move "un-American and subversive."

The New York group, which seeks passage of rent control and housing legislation, was barred

from the legislative chambers yesterday. Ray H. Brannaman, of Denver, national senior vice commander of the V.F.W., who spoke at the dinner, also declared the organization was opposed to such demonstrations.

Other adopted resolutions favored the proposed \$100,000,000 veterans bonus and retention of a state rest camp for veterans at Mt. McGregor at Saratoga county.

Redeployment

(By The Associated Press)
The General Collins, which docked at Seattle with 245 troops, was the only troop ship that arrived yesterday at a United States port. None was due today.

Produces Ready Mixed Concrete

Island Dock, Inc., local building materials concern, has started production of ready mixed concrete in Kingston. This is the first time ready mixed concrete has been produced locally although it has been brought in by out of town concerns and used here on several construction projects in recent months.

With the arrival of its first two large mixer trucks the Island Dock is now prepared to fill orders for ready mixed concrete. The central batching plant and weighing equipment at Island Dock has been ready for some time awaiting the arrival of the truck mixers and all of the necessary high quality aggregates are on hand.

Ready mixed concrete is not a new and untried product and the Island Dock plans to serve any job, large or small.

Legislature to Be Asked To Terminate Commission

Albany, N. Y., Feb. 19 (AP)—The Legislature soon will be asked to terminate the Postwar Public Works Planning Commission by April 1 and transfer its functions to the public works and budget departments, Chairman John E. Burton said today.

Burton, state budget director, said the seven-member commission would expire July 1 but earlier termination was sought so administrative changes would coincide with the beginning of the state fiscal year.

The commission's functions in municipal planning would be assigned to the public works department and those concerning state departmental building would be placed under the budget director in the proposed legislation.

Gets \$50,000 Damages

Norfolk, Va., Feb. 19 (AP)—Miss E. Jacques Poole, daughter of a former Atlanta, Ga., chief of police, was awarded \$50,000 damages by a Circuit Court jury yesterday in her suit against Harold R. Bradley, of the Bronx, New York city, for injuries caused in a traffic accident here last year.

Miss Poole sued Bradley for \$75,000 for multiple injuries received when the automobile she was driving was in collision with a British navy station wagon operated by the defendant at the time.

Dr. David Wilson, of Charlottesville, professor of neurology at the University of Virginia, who had examined the young woman, testified that a brain injury in the accident had resulted in loss of memory, impaired her ability to concentrate, and left her in a highly nervous condition.

Oklahoman Indicted By Federal Grand Jury

Muskogee, Okla., Feb. 19 (AP)—A federal grand jury yesterday indicted Henry Hubbard (Hub) Peavy, 39, on charge of using the mails to defraud in what most of office inspectors said was a city directory scheme operated in a score of cities in Oklahoma, Missouri, Kansas, Tennessee, Kentucky, New York, Illinois, South Dakota and California.

Postal inspectors said Peavy had obtained about \$12,000 between April and August of last year by collecting advance payments for what he called "Sooner Publications" of Pauls Valley, Okla.

He is accused of such operations in towns including Clarksville and Columbia, Tenn.; Bowling Green, Ky.; New Rochelle, N. Y.; Harrisburg, Ill.; Watertown, S. D. Peavy has been held here under \$7,500 bond since his arrest two months ago at Pauls Valley where he formerly was employed as a newspaper advertising solicitor.

Can't Go to Coast

New York, Feb. 19 (AP)—City finance problems will cost Mayor William O'Dwyer a California vacation. The mayor said last night that since legislative fiscal leaders had asked him to hold himself in readiness for further conferences in Albany on his plea for additional state funds for New York city, he would postpone a planned brief rest on the west coast.

Methodist Conference

Clinton Avenue Methodist Church will hold its 4th quarterly conference Thursday at 7:30 p. m. The Rev. Burton F. Tarr, district superintendent, will preside.

Students March Is Disapproved by Mary A. Sheehan

Rochester, N. Y., Feb. 19 (AP)—A proposed march on Albany February 25 by Rochester students, including members of the Young Progressive Citizens of America, in support of salary increases for teachers has drawn condemnation of the president of the New York State Teachers Association.

Miss Mary A. Sheehan, association president, said in a statement yesterday that "we neither expect nor desire the active participation of students in the crusade."

Miss Sheehan's statement followed an announcement by the Y. P. C. A. that high school students were spending after school hours in "door-to-door petitioning" and that the petitioners would join "other youth of this city in their march on Albany Tuesday, February 25."

Dr. Howard C. Seymour, president of the Rochester Teachers Association, declared that "in no instance is the use of students to be encouraged in our campaign."

The Y. P. C. A. describes itself as a youth group formerly associated with the Political Action Committee. The State Teachers Association currently seeks permanent legis-

lation providing a \$2,400 annual salary minimum with increments up to \$3,600.

The Buffalo Teachers Federation, claiming more than 2,000 of that city's 3,500 teachers, has scheduled a walkout next Monday in support of a similar scale and a \$500 cost of living bonus. The legislature recently appropriated \$32,000,000 to permit localities to give teachers temporary increases ranging from \$300 to \$800 for a 15-month period and bringing the annual minimum salary to \$2,000.

1947 Is Seen as Fateful Year For U. S. at Home and Abroad

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
Columnists have a weakness
for being A.W.O.L. at times, but
they generally turn up again like
the bad penny—and your corres-
pondent is happy to report back
for regular duty after having
played hooky quite a bit over a
considerable period.

It is glad to be on the job again
for two reasons. One is that I like
my work and consider it a rare
privilege to be able to talk with
you good folk each day. The other
is that 1947 may be the pivot on
which will turn the fortunes of
mankind for a generation—or even
more. Certainly it will be a year
of vast importance.

This will be a period of big af-
fairs for Uncle Sam at home, of
course. But it would be a grave
mistake for us to believe that we
could reach a correct solution of
our own problems without consid-
ering many of them in relation to
foreign developments. Like it or
not, it is imperative that our
American course be charted with
due regard to external circum-
stances. If we are to have a true
perspective we must know not
only what is happening abroad but
what it means.

That's the message we read in

the headlines of our newspapers
these days. Just consider the cur-
rent crises, every one of which af-
fects the United States.

Atomic Issue Dangerous
Efforts to reach an agreement
for international control of atomic
energy have blown up, and the
United Nations are back about
where they started two-thirds of
a year ago. The atomic issue is one
of the most dangerous with which
we are faced, for it easily could
produce another rupture of world
peace.

Mother England—Member of
the Big Three—is in the midst of
one of the fiercest economic crises

of her long history, and at the
same time her empire is going
through a metamorphosis which
involves the granting of freedom
to mighty India and adjacent
Burma—and heaven alone knows
what else. As though that weren't
enough, the bloody Palestine im-
broglio remains a red-hot problem,
not only for Britain but for the
world at large.

Chinese Situation at Worst
The position in China—suffering
from the effects of her long war
with Japan and from the fierce
civil strife between the Chinese
Communists and Generalissimo
Chiang Kai-Shek's nationalist gov-
ernment—never has been worse.
Nothing has happened to change
the view of many observers that
the only solution is a fight to a
bloody finish. Having learned
something of this upheaval at
close range in that unhappy land I

certainly wouldn't dispute the
argument that the quarrel must
be settled on the battlefield.
Relations between Moscow and
Washington are far from being all
honey and flowers, as witness For-
eign Minister Molotov's sharp note
of protest which characterizes tes-
timony by Undersecretary of
State Acheson before a Senate
committee as being "gross slander
and hostile to the Soviet."

Chain of Crises
Thus it goes—an endless chain
of crises. All these we must study
and understand. Not to do so
would be to invite trouble.
So this column will call atten-
tion to important situations and
try to interpret them. And your
columnist hopes that readers will
continue to participate in our dis-
cussions by submitting ideas and
questions to him through their lo-
cal newspapers.

Flashes of Life Sketched in Brief

Travel Note
Tokyo, Feb. 19 (AP)—The perils
of commuting in interurban trains,
as reported by the Tokyo press:

A Japanese commuter braced
himself for the sudden station
stop. The effort broke his ersatz
belt. He was packed so tightly he
couldn't get his hands down to
catch his falling pants.

Someone's foot caught in the
pans and dragged them away.

The train started up to the ex-
cited wailing in Japanese:
"Whose got my pants?"

Fame
Kansas City, Feb. 19 (AP)—Ray-
mond W. Hall and Charles S.
Stevenson recently met singer
Frank Sinatra while the three
were on the same train. Sinatra
had previously appeared on a
radio program sponsored by the
firm with which the Kansas City
men are associated.

Returning home, the pair de-
cided to send Mrs. Sinatra some
cards and other gifts, addressed to
"Frank Sinatra, Hollywood,
Calif."

The package, unopened, was re-
turned. Written across the face
was: "Addressee not known in Holly-
wood."

Housing Needs Triple
Chicago, Feb. 19 (AP)—Robert
Abrams' efforts to find a home be-
came three times more intense
today.

Since his return from overseas
service Abrams and his wife have
been living with other families.
Yesterday Mrs. Abrams gave
birth to triplets, two boys and a
girl, and Abrams said he hopes to
bring them to their own home—
if he can find one.

December-May Romance
Chicago, Feb. 19 (AP)—At the
marriage license bureau yesterday
Harry Paynter, deputy clerk,
asked Cornelius J. Boldt, to give
his birth date.

"June 14, 1873," answered the
young girl with Boldt.

Then Paynter asked the girl,
Miss La Verne D. Anderson, to
show a birth certificate because
she did not appear 18 years old.
She handed him a certificate giv-
ing the birth date as October 5,
1928.

The marriage of the 73-year-old
widower and the 18-year-old girl
is set for Saturday.

**Thank God
For Muscle-Rub!**

Writes Mr. Robert Jordan,
Colon, Mich.

Advises every sufferer
from Rheumatic—Arthritic
—Sciatic—Neuritic Pains
to try Muscle-Rub.

Here's the true story of a man who
took treatments, used all kinds of rem-
edies for his sciatic, neuritic pains
without being helped in the slightest
degree. Mr. Robert Jordan of Colon,
Mich., suffered agony from pains in his
hip—knee—calf of legs. The pain at
times was so bad that he couldn't sit
down. He tried several different treat-
ments, many different medicines, all of
which did him no good. He couldn't
work. Life was misery for him.
Then one day he saw an advertisement
of Muscle-Rub—the doctor's prescrip-
tion—and in desperation bought a bot-
tle. He used it as directed and in 3
days the pains were relieved and Mr.
Jordan was back on the job.
No wonder he advises every rheumatic
sufferer to try Muscle-Rub for fast pain
relief. Get a bottle today at all good
drug stores.
Remember, Muscle-Rub is sold on this
money back guarantee. If only half a
bottle doesn't bring relief your drug-
gist is authorized to return your money.

Two women were being shown through the zoo, and their guide bawled before the ostriches to explain, "Now this, ladies, is a very unusual bird. It can see very little and can digest practically anything." "Goodness!" exclaimed one of the women. "Wouldn't it make an ideal husband?"

With all these "Miss This" and "Miss That" beauty contests going on, why not insist that the competitors start their stuff without any make-up on, so that the judges and the onlookers can see what they really look like? "The young kindergarten teacher was distressed by the slovenly, almost filthy appearance of one of her little pupils. So after speaking generally of the need of cleanliness and sanitation, she asked the dirty boy pointedly, "Now, Tommy, when your house gets all mused up and dirty, what does your mother do?" "We move," replied Tommy, "at once."

"I think that Jim is the most polite man I've ever seen," declared a girl to her friend. "What do you mean that big, red-headed man?" exclaimed the other. "Why, he must weigh at least three hundred and fifty pounds. What makes him so polite?" "Well, I

saw him on the street car one day," explained the first, "and he got up and gave his seat to three women."

The little boy came to mother with a doleful face. "I don't feel good, mama," he announced. "That's a pity, dear," said mother kindly. "Where do you feel worst?" "In school, mama," replied the boy.

Frisch Lauds Local Connections With Dodgers at Dinner Here; Sellout Crowd Presaged for Morton-Jenkins Bout on Thursday

K.A.A. Guest Says Rickey Is Great Judge of Talent

250 Attend Second Annual Affair at Burn; City Awarded Trophies

Declaring that he "likes to see young baseball players make the grade," Frankie Frisch, former New York Giant and St. Louis Cardinal star, recently named to baseball's Hall of Fame, told upwards of 250 sports guests assembled at the second annual "Hot Stove League" banquet Tuesday night that Kingston is fortunate in having major league connections with such a remarkable man as Branch Rickey of the Brooklyn Dodgers.

Frisch, who was the special guest of the Kingston Athletic Association at the 20th Century Sporting Club of New York, shared speaking honors with Harry Markson, former representative of the Brooklyn Dodgers, who is a publicity representative for the 20th Century Sporting Club of New York.

Markson related that Louis had once confided to him that his greatest thrill had not occurred in the prize ring where his exploits have become legend, but on the campus of Howard University, the famous southern Negro university. The Brown Bomber said that greatest thrill came when he walked arm in arm across the Howard campus with his sister, after she had been graduated magna cum laude.

After revealing a few tricks of boxing press agents in building up new ring stars, Markson emphasized that no phony, artificial buildup was ever needed by Joe Louis.

"Joe Louis' best press agent," he said, "were two dynamite-packed fists."

Markson told his listeners that while the Rocky Graziano incident had stirred the boxing world it had not shaken the fans' interest in the game. He pointed to the \$105,000 house drawn by Charley Frazier and Tippy Larkin in last Friday's main bout at Madison Square Garden as proof of his assertion.

"Boxing is neither befuddled nor tottering," Markson said. Referring to Graziano, he said: "I have every reason to believe that if Rocky Graziano behaves himself, the New York State Athletic Commission will be lenient with him. I wouldn't be surprised if his suspension was lifted in less than a year."

"Another gag by Mr. Markson reflected the growing reputation of Kingston's bowling queen, Rose Schatzel. Relating that he rides to work from Brooklyn every morning with a Metropolitan Major League bowler who is continually riding him about Harry's small town background, Markson said: "I endured a lot of brew beating and had to keep my mouth shut very morning until Rose Schatzel came along and knocked off Mickey Michaels. Now I do the talking and my friend listens."

"I don't know Rose Schatzel and I've never met her," said Markson, but I certainly love her."

Judge Bernard A. Culliton, former Pittsburgh Pirate pitcher, and ex-hurler with the Old Colonians, introduced Frankie Frisch, the main speaker.

Frisch, one of the National

League's most colorful players and managers, amused the crowd with his anecdotes on run-ins with big league umpires. He referred to Bill Klem, veteran arbiter, as the greatest umpire in the country.

Congratulating the Kingston High School football team, appearing at the banquet as special guests, Frisch spoke briefly on Kingston's new venture in the baseball world, that of entering organized baseball. He paid particular tribute to Branch Rickey, Sr., and advised that the Brooklyn Dodger school system was "a marvelous step in bringing up young ball players."

Frisch cited the case of Marty Marion, great shortstop of the present day Cardinals, in emphasizing Rickey's interest in young players. He said how Marion first appeared in St. Louis and looked nothing like a ball player, but after close scrutiny with three years of experience with the Rochester farm, Marion returned to the Cardinals as a great star.

This, Frisch went on to say, was due to Rickey's thorough regime while head of the St. Louis Cardinals. "He is a great believer in young players and Marion's rise is a clear indication of that point."

After his brief speech, the invited guest was presented with a gift on behalf of the Kingston Athletic Association by Toastmaster Tiano.

Saratoga Raceway Entries Set Record
Saratoga Springs, N. Y., Feb. 19 (AP)—Forty-nine early closing harness races at the Saratoga Raceway have drawn a record entry list for the nine-week summer meeting.

Racing Secretary Frank Woodlawn announced yesterday the list contains the names of 1,507 nominations representing owners in 21 states, Canada and Washington, D. C.

The Raceway, which opens June 23, will offer purses totaling approximately \$280,000, of which \$100,000 will be for early closing events. The meeting will close August 24.

Woodlawn also said the \$10,000 Bostwick two-year-old trot, feature of the second week of grand circuit racing, drew 47 nominations as compared with 32 last year.

Frisch Honored at K. A. A. Banquet

With upwards of 250 people on hand the second annual "Hot Stove League" banquet sponsored by the Kingston Athletic Association was held at Bob Teitel's Barn Tuesday night. Representatives of the boxing and baseball world were guests including Harry Markson, former manager of the St. Louis Cardinals. Shown in the photo in the usual order are Thomas M. Davitt, president of the K.A.A., Mr. Markson, publicity representative for the 20th Century Sporting Club of New York city; Frankie Frisch, newly-named broadcaster of New York Giant baseball games; Mayor William Edelmuth; Judge Bernard Culliton, former pitcher of the Pittsburgh Pirates and District Attorney Louis Bruhn. Aborns Halt VFW Winning Streak At Thirteen, 35-29

Potters Also Triumph, Take Over First Spot in City 'Y' Court League Tuesday

The extended winning streak of 13 games which had been put together by the fast-stepping V.F.W. basketball team finally was stopped Tuesday night when Aborns pulled off the biggest upset of the City Y.M.C.A. League to date with a 35 to 29 victory. Up until last night, the Vets had chalked up nine straight in the first half and four more in the second round.

With the Vets finally being halted Potter Brothers took over the coveted first place berth in the local loop by scoring a 46 to 21 triumph over Guinick's Gang. It was Potter's fifth straight conquest. Chester Emile is second with four wins in a row and the Vets and Aborns are tied for third with records of four wins and one loss.

Aborns struck early last night by pulling out to a 10-3 edge at the first quarter. The unbeaten Vets hammered back strong in the midway canto but still trailed by 15 to 12 at halftime.

Dividing their scoring between Charlie Book, Jack Ruzzo, Andy Murphy, "Beast" Baltz and Willis Locke, Aborns regained their margin during the third quarter by rolling up 10 points to the Vets' three. The Vets came back to out-score their foes again in the final session but trailed at the end, 35-29.

Murphy, Baltz and Locke were high scorers for Aborns with eight points. Al Thomas, gained 11 for the defeated V.F.W. ave.

Potters rolled into first place behind Jack Keise and Quick, who led that club with 14 and 10 points respectively. Potters led at the half by 20 to 6 and continued to pour it on for a 46-21 decision. Tomson accounted for nine of Guinick's 21 markers.

In the only other league clash the Madden Aces repeated their first win of the second half by downing the Hustlers 44 to 42 in an overtime finish. The score at the regulation time was 36-31. Lou Sapp's deuce won the game for the Aces. Sapp took scoring honors for the winners with 13. McCordie followed with 11. Ryan and Jordan were high for the Hustlers with 18 and 12 in that order.

Interest Is High For Feature Bout On Amateur Bill

Three Other 5 Rounders Support B'nai Brith Card at Auditorium; First Match 9 P.M.

An encouraging report was issued today by Dr. Murray Greene on ringside seat sales for B'nai Brith's card Thursday night, featuring Eddie Morton and Ike Jenkins at the municipal auditorium. "Judging from phone calls on reservations there should be a large assemblage of ring fans on hand for tomorrow's fistie program," said Dr. Greene. "It looks like the Morton-Jenkins match might be a sellout."

Morton, Albany's welterweight star, holds a decision over the New York city luminary, Ike Jenkins, and the re-match promises to turn into one of the best action fights ever seen at the Broadway hall.

The first scrap between the two took place in Poughkeepsie, where Morton substituted for Tony Barone against the metropolitan slugger.

Fans forgot about Barone, held up by an auto accident, once the action began. It was a sizzling encounter from going on, with plenty of hard punching.

When Jenkins talked about a return with Morton, Ben M. Becker, B'nai Brith director of bouts, immediately arranged to hold it in Kingston.

Three other five rounders on tomorrow night's bill will bring to the auditorium ring boxers of first rate calibre as amateurs.

Dave Edwards, another New Yorker, is paired with Mike Salie, Schenectady welter, who got the decision over Oliver Phillips of Buffalo on the last card. They fought toe to toe all the way. Edwards is the boy who scored a wide-round technical knockout over Buffalo's Jim Kennedy here and outpointed Morton earlier this year.

A heavyweight brawl is scheduled between Bob Yardboro of Rome, central New York state champion, and Jimmy Carr, the Albany big boy who polished off Billy Long of Buffalo in three rounds. While in the marine corps, Carr won the tournament at Pearl Harbor.

Al Hurlbut, Rome middleweight, also recognized as a central New York title-holder, will slug it out with Frankie Clark, one of the best 160 pounders in New York city.

The two Rome boxers, Yardboro and Hurlbut, are under the direction of Tony Storace, who piloted his brother, Cozy to the national welterweight title in 1939. Tony, an ex-fighter himself, has handled many good amateurs during his career as a trainer.

Three three-rounders will support the scraps mentioned, one being an engagement between Kingston's Dave Brandon and Freeman Hurlbut, Rome middleweight, a brother of Al Hurlbut.

Starting time of the first bout is 9 o'clock.

In pre-glacial times the Mississippi river was 100 to 200 feet below the present river bed.

Meconi and Crew Hold Lead at Lake Placid

Lake Placid, N. Y., Feb. 19 (AP)—Joe Meconi, Ausable Forks tavern keeper and his bobbed crew defended a slim lead as the four-man Olympic trials and national senior A.A.U. championships went into the final two heats today.

Meconi's crew negotiated Mt. Van Hoevenberg's tricky mile run yesterday in the two heat time of 2:15.50, a half second faster than the time of a sled piloted by the veteran Jim Bickford of Saranac Lake.

The field of nine was reduced by at least one contender yesterday when a sled driven by Alexis Thompson, New York city sportsman, failed to negotiate "Zig-Zag" turn and went over the side of the ice-coated chute.

Thompson, owner of the Philadelphia Eagles professional football team, and two of his crew, Leo Martin and Paul Dupree, remained in a hospital today, suffering contusions and shock.

The fourth crewman, Donald Dupree, brother of Paul, was discharged last night. The Duprees and Martin are of Saranac Lake. None of the injuries was reported serious.

Bauer-Amarello Wedding Takes Place In St. Mary's Church

The wedding of Miss Teresa Mary Amarello, daughter of Mr. and Mrs. Michael Amarello, 64 Prince street, to Christian Bauer, son of Mr. and Mrs. Michael Ward, 21 German street, took place Sunday at 2 p. m. in St. Mary's Church. The Rev. John Flaherty officiated.

Theodore Riccobono was organist and Miss Patricia Keefe sang "Ave Maria."

Escorted by her father, the bride wore an ivory satin and lace gown; veil with long train and carried white rosebuds and sweet peas. Mrs. Kenneth Zimmerman, sister of the bride, is matron of honor, wore an old rose silk jersey gown with matching headpiece and bouquet of yellow rosebuds bound with blue ribbon. James Collin acted as best man.

A reception for 150 guests was held at the Mannerich Hall. Decorations were in pink and white. Mr. and Mrs. Bauer left for a wedding trip to New York city. The bride wore a gray stripe suit with black accessories. Upon their return they will make their home on West Union street.

Mrs. Bauer attended Kingston High School. Mr. Bauer is an army veteran of World War II having served four years in the Pacific area.

College Womer Hear Discussion on China

Kingston College Women's Club, A.A.U.W., met Tuesday night at the First Dutch Reformed Church house. Miss Edna Merritt, former missionary in the Province of Hankow, China, was the guest speaker with Mrs. Wong of Hunkow Province and Maj. Helena Cienkwater, A.N.C., as special guests who participated in the informal discussion.

Miss Merritt talked about the schools which she conducted in Hankow. Both Mr. and Mrs. Wong attended one of the schools and Mr. Wong became a priest. He is now taking advanced courses at Columbia University. During the informal discussion all joined in describing the customs of the land.

During the business meeting Dr. Elizabeth Moore spoke about the Maternal Health Center and Planned Parenthood. Two new members were accepted: Miss Charlotte Holston, B.S. degree from Columbia; Miss Gloria Ruzzo, B.A. degree from College of New Rochelle.

The book group will meet with Mrs. George Dingee, Wilson avenue, Tuesday. The international relations study group will meet with Mrs. John MacKinnon, Manor street, Thursday. The topic will be world trade.

Yarn was collected for work at the Ulster County Tuberculosis Hospital and educational supplies for China.

Hostesses for the social hour were Miss Dorothy Elton, Miss Isabel Malone, Mrs. Herbert Bloom, Mrs. Stanley Dempsey, Mrs. G. Herbert DeKay and Mrs. Raymond Garraghan.

Catholic Daughters, Court Santa Maria, Observe 35th Anniversary at Banquet Tuesday Night

Catholic Daughters of America, Court Santa Maria, 164, marked its 35th anniversary with a banquet at the Governor Clinton Hotel Tuesday evening. After the singing of the National Anthem and salute to the flag, the invocation was offered by the Very Rev. Msgr. Martin J. Drury. Mrs. Margaret T. Gorman, grand regent, welcomed all. Greetings were chanted to the reverend clergy, Mrs. Vincent Gaffney, district deputy; Grand Regent Gorman and the visiting members by Meses, Lillian Gardner, Margaret Pendell, Margaret Reynolds and Mary Simonetti, who were joined by a chorus of all present. Mrs. Gaffney encouraged the group in their work.

The Rev. Henry E. Herdegen of St. Peter's Church, guest speaker, was introduced by the grand regent. He gave an inspiring talk, telling the daughters to "Be Different." He noted that the Holy Father in an address to Italian women laid down three conditions: firmness, courage and zeal—firmness in faith, courage to help those who are in need, and ardor to win souls for Christ. He also said that the present religious crisis is the greatest that humanity has gone through since the origin of Christianity. The Rev. Father Herdegen also spoke of the zeal of St. Rose of Lima in the saving of souls and for her assistance to the needy not only in Peru but in different parts of South America.

The Rev. John M. Brown of St. Joseph's Church sang several solos accompanied by Theodore Riccobono. The Very Rev. Monsignor Drury said, "Any woman who avoided motherhood would bring desolation upon herself and would make a Sodom and Gomorrah of her marriage."

Charter Members
Mrs. Nora Becker, Mrs. Margaret McNelis, Mrs. Emma Murphy and Mrs. Mary Loughran, charter members, were introduced as were guests from Brooklyn and Highland. A congratulatory telegram was received from Dr. Rose Mary Gorman, Mrs. Marie Dolwins, Mrs. Liscom, Mrs. Alice O'Connor.

Dr. Weber Takes Up His Duties as Hospital Director

Will Work Under County Health Department; Dr. Holcomb Is Consultant

Dr. George Weber, who was appointed director of the Ulster County Tuberculosis Hospital, by the Ulster County Health Department at its January meeting, assumed his new duties on Saturday, February 15.

For the past 10 years Dr. Weber has been in charge of tuberculosis control in all state custodial institutions working under the direction of the State Department of Health. From 1933 until 1936 Dr. Weber was resident physician at the Ulster County Tuberculosis Hospital. During his service with the State after leaving Kingston, he served for two years as a commissioner of the United States Public Health Service in the Middle West and Italy.

Dr. Frederic Holcomb, who has served for many years as superintendent of the hospital, was unable to consider the position as a full time proposition but will continue as consultant physician at the hospital for a time.

PLANNING YOUR HOME

Financing Is Easy

While materials are hard to get and costs have risen sharply, there is a bright side to the housing picture. It's much easier to arrange financial details these days. There are three types of F.I.A. mortgage loans available plus the VA-guaranteed loans open to veterans.

Contrary to popular belief, the Government doesn't actually lend you the money. It guarantees the loan made by a local bank or mortgage company. To be eligible for a Government-insured loan, you must prove your ability to repay the debt, and your home and lot must meet certain standards. The house must be so designed and constructed that it can readily be resold.

Our Reader Service booklet No. 15 is packed with helpful advice for those planning to build or remodel homes. Includes design, construction, materials and equipment, repair and modernization; plus a valuable chapter on financing.

Send 25c (coin) for "Small Homes, Planning, Financing, Building" to Kingston Daily Freeman, Reader Service, 243 West 17th St., New York 11, N.Y. Print name, address, booklet title and No. 15.

Other Reader Service booklets available for 25c each are No. 28—"Success with House Plans and Flowers" and No. 94—"New Ideas for Handmade Rugs."

V.S.A. to Discontinue Friday Night Openings

Friday night visitors to the Ulster County Veterans Service Agency have diminished to the point where it has "become impractical to keep the office open," the office at 240 Fair street, announced today.

The office explained that it remained open on Friday nights during the months when discharged service men and women arriving home in large numbers. Few have taken advantage of the services offered during recent weeks, however, and the office decided to open at night only by special appointment.

Those desiring to make appointments are asked to telephone 1111 or write to the agency.

Upsets Church Conference Hitting Government Units

Pittsburgh, Feb. 19 (AP)—Rep. Ralph Gwinn (R-N.Y.) created a brief disturbance at the church conference here yesterday when he declared:

"Nothing of any good ever came out of a government bureau."

Several delegates challenged the statement at once, and Kermit Eby, C.I.O. research director, presiding over the discussion, ended the flurry by recognizing a speaker on another subject. The meeting was part of the national conference on the church and economic life.

Gwinn said the proper concern of the church is not to change economic and political institutions, but to improve individuals. Attacking "bureaucracy," he mentioned the War and Navy Departments as examples.

"When the government plans," he said, "it always reduces production and stifles individual initiative. Only the free invent, create, and produce."

Special Dispensation
Catholics of the New York Archdiocese have received a special dispensation from Cardinal Spellman, Archbishop of New York, setting aside the law of fast on Saturday, February 22, Washington's birthday and on March 17, St. Patrick's Day which is the Patronal Feast of the Archdiocese. It has been announced by the

Chancery Office of the New York Archdiocese. The Chancery Office has also announced that a dispensation from fast and abstinence has been granted for Friday, May 30, Memorial Day.

Washington Era Tableware Shown At Senate Museum

The tableware display at the Senate House Museum could be appropriately marked: George Washington ate here.

At the Fair street historic locale the exhibit is made up of pink lustreware and silver spoons which, according to tradition, were used in the home of Colonel Hardenburgh when he was host to General George Washington and General George Clinton at his Maple Hill residence, town of Rosendale.

The items were presented to the museum by the Misses Hardenburgh of Maple Hill.

Included in the display is the account book of General Washington, also a painting entitled "Washington Receiving the Blessing of His Mother." The canvas by Mrs. Henry Powell was a gift from Mrs. Emily Crane Chadbourne of Stone Ridge.

Hours for the public to visit the museum on Fair street are daily from 9 a. m. to 5 p. m. and Sunday from 1 to 5 p. m.

Lenten Program Starts At Immanuel Tonight

The annual series of Lenten devotions will be held in Immanuel Evangelical Lutheran Church on Livingston street, beginning this evening at 7:30 o'clock. The Rev. Ernest L. Witte will preach on the theme, "How Then Shall the Scriptures Be Fulfilled?" A portion of the Passion history will be read.

The organist, George Well, will give a brief recital of Lenten selections immediately preceding the service.

Runaway Steer Found

The Angus steer for which search had been made in vain since its escape Monday evening from a truck in which it and four others were being transported to the Kingston Beef Corp. plant on Hurley avenue, was found about 5 o'clock Tuesday afternoon by Arthur Van Aken of Stone Ridge in the barnyard with his cattle. He notified the Beef Corp.

Chamber Names 1947 Committees

Labor Relations Are Given
Place; Executive Group
Also Is Chosen

At a meeting of the board of directors of the Chamber of Commerce held Tuesday evening action was taken in regard to establishing committees to carry on the program of work for 1947, as provided for by the constitution as amended at the annual meeting on February 5.

It was voted to establish the following committees: industrial procurement, industrial advisory, wholesale and retail committee for the commercial field, transportation, (with sub-committees to cover the various fields of transportation), publicity, area relations, civic affairs, labor relations, membership.

Executive Committee Named

One of the amendments to the constitution provided for the establishment of an executive committee, to consist of the president, treasurer and three directors elected by the board of directors.

Named for this committee Tuesday night were Clarence S. Rowland, Roy M. Sutcliffe and Louis B. Stokette. These, with Harold V. Clayton, president and Raymond W. Garraghan, treasurer, form the new executive committee. It will propose a program of work for the year, make ready proposals to be considered by the board of directors and advise the executive secretary on matters requiring attention between meetings of the directors.

Two Working Committees Named

Of the working committees established for 1947, members of two of them were named by President Clayton Tuesday night and approved by the board of directors. They were the retail merchants committee and a budget and purchasing committee.

Joseph L. Kramer was named chairman of the retail merchants committee, other members being Byron S. Chatham, H. W. Reppert, Raymond E. Craft, George W. Schneider, Henry Singer, M. Reina, Herman G. Rafalowsky, Harry Kaplan. Chairman Kramer was authorized to name sub-committees from the retail merchants division.

The budget and purchasing committee is headed by Raymond W. Garraghan, other members being the Rev. Frank L. Gollnick, John Herlihy, Harry Rigby, Jr., and James L. Rowe.

The executive committee will meet next week and complete recommendations for membership of the other working committees.

Resignation Accepted
The board of directors voted to accept the resignation from membership in the Chamber of Commerce of Local 186, Amalgamated Clothing Workers of America.

Murray Would Talk With Green

for grappling with labor-management ills.

Refers to Board

He referred to the advisory board for the Office of War Mobilization and Reconversion, created in 1943.

Representing labor on this board with Murray were A.F.L. President William Green and T. C. Cashen, chairman of the Railway Labor Executives Association. Nine other members spoke for industry, agriculture and the public. George W. Taylor, former head of the War Labor Board, was chairman.

Murray indicated he thought this advisory group could have come up with the solution to the industrial problems which beset the nation after V-J Day. "The machinery was never adequately used toward an orderly transition from war to peace," he said. "The failure to use and to perfect this machinery by legislative and administrative action towards these ends is, I believe, responsible for many of our present difficulties."

"It has led more or less directly to the demands now being made for anti-labor legislation."

"Had the representatives of these groups (on the board) been encouraged and assisted by Congress and the administration to devise and initiate a comprehensive program for maintaining the equilibrium of our economy throughout this period, I feel sure the job could have been done. The job still needs to be done."

In agreeing last night to talk merger with the A.F.L., Murray suggested that the federation first join with the C.I.O. to oppose labor-curbing legislation.

prations totaled \$101,000,000 and by February 15 it had spent or committed \$83,439,000, leaving a \$17,561,000 balance. The cut proposed by the House would reduce this to \$8,561,000 but \$7,555,974 of that amount already is earmarked to pay employees their final salaries and accumulated annual leave.

The remainder, \$1,005,026, is "enough to run the agency until the end of the week," McCullough said. And that, he added, means until the close of business Friday.

In addition to discontinuing control of rents, sugar supplies and prices of sugar, rice and syrup, he said, O.P.A. will have to stop:

1. Auditing government subsidy claims from industrial alcohol producers.
2. Prosecution of old price control violations.
3. Enforcement of sales price limitations on homes built under the 1946 veterans emergency housing program.

McCullough declared this would cost the government much more money than taking back the \$9,000,000 would save.

Bills Proposed at Albany

Albany, N. Y., Feb. 19 (AP)—Legislation which would make labor unions directly responsible for unauthorized strikes, places them under additional regulation, and permit strikes only after secret ballots was introduced today in the New York State Assembly.

Senator Arthur H. Wick, Kingston Republican, offered a bill to develop marine terminals and authorize municipality to transfer any such terminals to authority.

Assemblyman Arthur L. Parsons, Schenectady Republican, offered three bills which he described as "an attempt to correct strikes" and not "anti-strike legislation."

Meanwhile, introduction of new bills slowed appreciably as the legislature moved from the "introducing" to the "passing" phase. The lawmakers yesterday approved 81 measures in addition to Governor Dewey's record \$871,000,000 budget.

Parson's labor bills: Provide no strike shall be authorized except upon majority vote of collective bargaining unit by secret ballot under supervision of the State Labor Relations Board.

Prohibit strikes in violation of court orders or orders of arbitration tribunals.

Make labor unions liable for violations.

Require labor organizations to file charters, constitutions and by-laws with Labor Relations Board and authorize the board to require such records.

Prohibit picketing by labor organization defeated in election or for provoking breach of contract or for violating decision.

Permit Labor Relations Board to certify union as approved labor representative and to suspend or revoke such certificate.

Prohibit denial of membership.

Chief Mains Gives Report on Slight Damage by Fires

Port Ewen Insurance Allowance \$2,714.73 in Area Under Protection

Property damage by fire as represented in insurance allowance in the area protected by the Port Ewen Fire Department was only \$2,714.73 for 1946, Fire Chief Edward F. Mains disclosed in his annual report today.

Insured property represented in the fire calls for the year was \$6,075 on which the above total allowance was made, the report shows. The department reported a settlement of \$106 on a represented \$6,000 in insurance on property to which it had not been called.

The report listed three calls to house fires, a boarding house annex, garage, station wagon and truck, one haystack, one shed, ten grass fires, one car fire, two dump fires and one gas station fire. The causes were listed as chimney,

grass, incinerator, cigarette and electric wiring.

Fire Chief Mains emphasized the fact that the department is equipped with pump can extinguishers, and we are ready at all times to lend these tanks to any one who wants to burn grass. The department, he said, will give advice on the burning of grass, if requested.

The chief reported that the department inspected public buildings, schools and factories and that fire drills were held during fire-prevention week.

Further expansion of the company is expected, the chief reported, now that many members are home from service in the armed forces.

"It would seem to me," the chief

pointed out, "that more of the able-bodied men of this village should make application to become members." Those who join, he said, "should be faithful to these duties and not place fire-protection work second," because "fire insurance rates are based on membership, and it also gives our people a feeling of security."

The report showed two mutual-aid calls to Connelly, and that during the year the Fire Commissioners purchased one 1 1/2-inch fog nozzle. It also accepted "with thanks" the 60-foot water tower from W. A. Vanderveer for drying hose.

Thanks Commissioners
The chief thanked the commissioners "for their cooperation" and for that of the officers and

members, and all who helped in fire-prevention and in keeping "the social welfare of the fire company on top."

Serving as officers with Chief Mains are: Robert DuBois, assist-

ant chief; Charles Wesley and Harry Van Gormer, captains; William Webster, Ray Burr, Charles Hungerford, Donald Decker, Jr., Jacob Peck and Edward Cunningham, lieutenants.

Lawyers' Photo Record Finished After Two Decades

A photographic record of members of the Ulster County Bar dating back more than two decades was filed recently in the County Clerk's office. Attorney Henry Klein, who compiled it, announced today.

The idea of a group picture of members of the bar, proposed in 1922, failed to materialize, said Attorney Klein, because the lawyers never got together.

An ardent amateur photographer,

the local attorney, replaced the idea with his own effort at making a photographic record of the legal profession, and he snapped pictures of the various members of the bar, at every opportunity.

Most of the photographs in the album now on file were taken in 1925 and 1926. The lawyer considers his effort a complete record of members of the bar during that period. Many of those represented in the collection have since died.

Schirick Dismisses Petition at Albany

Continued from Page One

Rules Are Cited

Brown pointed out that both houses of the legislature had rules to "preserve order and decorum." He asserted that the doors were not closed yesterday and that "the press and public were present."

He said that "only these demonstrators, bearing placards, were refused admittance."

Guinier "was present throughout the session," Brown said, "and was permitted to listen to deliberations in the assembly."

Guinier contended he was barred from the senate chamber. Zuckman said the constitution specifically provided that the doors of the legislative halls be left open and that the rules of the house "cannot be permitted to over-ride the constitutional mandate."

"For that reason," he continued, "I feel this court has jurisdiction in this matter."

He told Schirick that it was "your duty to see that constitutional mandate be carried out."

Zuckman, chairman of the Albany county American Labor party, declared it was "a farce to say the doors were open to the public yesterday."

The doors were open today and quiet prevailed in the capitol.

The order was obtained by Morris Zuckman, attorney for Ewart Guinier, legislative representative of the United Public Workers (C.I.O.) who was barred from the Senate chamber.

Zuckman contended the ban on Guinier and the 1,000 New York city residents who marched on the capitol to support housing and rent legislation, was in violation of the state constitution.

Those Cited

Cited were Assembly Speaker Oswald Heck, who charged the march was arranged by Communists; D. Mallory Stephens, chairman of the Assembly Ways and Means Committee; Assembly Clerk Ansley B. Borkowski; Senate Majority Leader Benjamin F. Feinberg; Arthur H. Wicks, of Kingston, chairman of the Senate Finance Committee; Senate Clerk William S. King and the sergeant of arms of both Houses.

Although Guinier was the petitioner, the proceeding actually was brought in behalf of the marchers, who came here under sponsorship of the "Emergency Committee on Rent and Housing."

State Troopers, carrying side arms and riot sticks guarded the Senate and assembly doors with instructions from the Dewey administration to keep out the marchers. They were withdrawn last night after the delegation had returned to New York city.

Banning the marchers precipitated a one-day "sidown strike" by the Democratic legislators and resulted in passage of the budget with only the Republicans voting.

He also provoked the angriest debate heard in the Legislature since Dewey became governor.

The Democrats charged the Senate and Assembly sessions were illegal because the marchers were denied admittance. They refrained from voting on bills, therefore, on the ground any action taken by the Legislature yesterday was unconstitutional. They laid the groundwork for a court test of the budget's legality.

Heck Claims 'No Precedent'

Heck left the rostrum and went into the left of the chamber to explain the Republican position.

Manifestly angry, he shouted that the Republicans "are not creating a precedent." He said that in 1936, during the administration of Franklin D. Roosevelt,

istration of Democratic Governor Lehman, "not even an assemblyman could come into this chamber without a pass."

He recalled also that during the Lehman administration a group of New York city marchers was stopped at the entrance to the city by state police who, he added, clubbed them.

"Let's cut out the money business that this is part of a policy of the Republican Party," he advised.

From a prepared statement, Heck said he had granted the Emergency Rent Committee permission to use the Assembly chamber yesterday but later rescinded permission after receiving reports from New York city and state police that the committee "was allied with, or at least dictated by, those same forces who were responsible for the scandalous occupation of the Senate chamber last year."

He said also that advertisements in "The Communist Daily Worker" indicated the march was financed, at least in part, by the Communist party.

'Accepted As Process'

Referring to Democratic refusal to participate in legislative business, Heck remarked: "It seems to me that the revolutionary technique of sabotage and the sitdown strike has finally been accepted as a process of government by the Democratic party."

He predicted that "eventually both the great parties of this state will be at the mercy of radically dominated splinter organizations unless a different course is followed."

"Many of these marches on Albany are reckless," Heck continued. "He said many marchers 'come along for a free ride and don't know what they are here for.'"

Democratic Leader Irwin Steingut appealed to the Assembly from Heck's ruling that he had acted within his rights in barring the marchers. By a strict party vote the House upheld the speaker.

Stern Enters Assembly

Meanwhile the marchers held a mass meeting in a hall close to the Capitol. Late in the afternoon, Alfred K. Stern, chairman of the Emergency Rent Committee, entered the Assembly chamber in company of Leo Isaacson, state legislative director of the American Labor party.

Stern was unmolested. He remained 15 minutes. Earlier he had

been barred from the Senate chamber.

(In New York last night, Stern said his committee would organize more tenant groups, adding that Governor Dewey "has quite a problem on his hands.")

After the debate on the validity of the administration's ban, the Assembly quickly passed 12 of Dewey's 14 budget bills. Democrats sat silent in their seats as their Senate colleagues had done earlier in the day when the smaller House approved the same 12 measures.

However, the Assembly defeated 45 to 40, one of the budget bills. It would have given the state budget director final authority on the spending of money for state projects, except for highways, bridges and grade crossings.

Action on two controversial bills affecting State Civil Service employees was postponed for a week.

One would revise the Field-Hamilton Career Law by fixing a new, simplified schedule of grades and salaries for Civil Service workers.

The other provides for overtime pay for work beyond 40 hours a week by institutional employees.

Says Stern Red Front

Washington, Feb. 19 (AP) — Chairman Thomas (R-N. J.) of the House Un-American Activities Committee released today a telegram he said he had sent to Gov. Thomas E. Dewey of New York regarding a housing protest at Albany, N. Y., yesterday.

The telegram:

"This is to inform you that the files of the committee on Un-American activities, U. S. House of Representatives, Washington, D. C., contains an extensive record of Communist front activities of Alfred K. Stern, organizer and leader of the delegation of the emergency committee on rent and housing which yesterday appeared at the New York state capitol. This record is open for inspection by you or any duly authorized agent of your staff."

Stern appeared at the Albany statehouse at the head of a delegation from New York city. The visitors were barred from legislative chambers by state troopers.

Would Keep 3-Cent Rate

Washington, Feb. 19 (AP) — The Post Office Department has recommended to Congress that it be allowed to retain the three-cent rate on first class mail, for both local and out-of-town delivery, after June 30. Under existing law, the first class rate will revert on that date to the pre-war two-cent rate.

Roland Ladd Who Fired on Cop Is Still at Large

road blocks and a police dragnet that was thrown up a few minutes after he dashed away from Officer Janasiewicz near police box 13 across from the hotel.

The Kingston police said today they believed McWhinnie and Ladd were responsible for a house burglary reported Monday in Greene county. The pair are believed to have headed toward Kingston to spend the night or pull another job before continuing on to Florida.

McWhinnie told local police that he and Ladd were hitch hiking from Mechanicville to Florida. The police discounted any peaceful intent of the two youths' trip when they learned that both were heavily armed.

Although Ladd's father lives in Brewster Junction, Maine, it was learned yesterday that he had not been seen in that town for the past several months. He has a sister who resides in Mechanicville.

Ladd was described as about five feet five inches tall, and weighing about 135 pounds. He was wearing army trousers and a reddish brown cap. If he is apprehended, he will face a charge of felonious assault, according to the police.

McWhinnie eluded the police for about half an hour when he gained entry into a room in the Governor Clinton occupied by elderly Mrs. Elizabeth Chichester. Mrs. Chichester told police that young McWhinnie was extremely nervous after he broke into the room and said he would kill anybody who tried to get him. After taking the woman's pocketbook, McWhinnie put on Mrs. Chichester's coat and hat and tried to break away by means of the rear fire escape. That's where Mr. Chichester came in and halted the youngster's crime career. Although McWhinnie was armed, he surrendered meekly when the

Hay-Fever Pollen Serious in Area Around Windham

Pine Hill, Tannersville
'Practically Free' of Menace Is State Report

Menacing flights of hay-fever pollen were found comparatively mild in two Catskill mountain regions and definitely threatening in one area, a report of the State Department of Health indicated today.
Experiments by the Division of Laboratories at Pine Hill and Tannersville, the report showed, leaves both "practically free" of the menace, while a station at Windham, showed a higher count.
The report explains that daily counts of ragweed pollen which are "25 or above have been shown to cause hay fever symptoms. A locality with an index of five or less is considered a 'practically free' area; one with an index of five to 15, a 'moderately free' area."
Pine Hill and Tannersville, the report indicated, have a ragweed pollen index of five each and Windham, one of 10.
The number of days with counts of 25 or greater for Tannersville and Pine Hill were four. Pine Hill had a maximum daily count of 40 and Tannersville 44. Windham had 19 days with counts 25 or above, with a maximum daily count of 216.
The total seasonal counts were: 350, Tannersville; 340, Pine Hill and 72, Windham.
The department announced that it recently completed the counts of ragweed pollen grains on slides exposed in 15 stations in the state during the past summer. A new type station was used for the first time. The highest count was at Jamestown with a ragweed pollen index of 61 and a total seasonal count of 5616.

TRUMAN NEGLIGENT TOWARD RED THREAT
The latest of a long series of exposes of pro-Soviets in the State Department shows that clique now trying surreptitiously to ship \$35,000,000 worth of oil field and farm machinery to Russia as a lend-lease donation, in violation of the spirit of a Congressional resolution aimed at stopping all such shipments as of December 31, 1946.

Yet Jimmy Byrnes told us months ago he has cleaned the Reds out of the State Department.
While many Americans do not appear to recognize the extent of Communist infiltration and influence in our government, we may be sure Russian agents overlook none of it.
Not long ago a fellow traveling clergyman made a remark which explains the position of too many citizens. For years he had been considered pink. After I showed him a copy of a recent report by a large Communist organization outlining their plan for world conquest, he conceded, with visible chagrin, that he had been dismissing "this talk about Communism as just so much Republican propaganda."
Our government has been criminally negligent in its unwillingness to act to suppress Communism and the growing, privately financed pro-Communist secret police.

Within the past few days we have seen a Congressional committee in position of having to threaten the Justice Department in order to get that department to take action against Gerhard Eisler, suspected No. 1 Stalin agent and spy in this country. Despite the threat of the committee to ask Congress to take the F.B.I. out from under the Justice Department, Attorney General Tom Clark gives us no concrete evidence that he will take serious action against the conspirator.

Should Try Morgenthau
Clark is a political captive of the fellow travelers, the really dangerous group of pro-Communists. He mouths condemnations of Communism but does nothing to hinder the movement.

I disclosed in this newspaper a few weeks ago the real secret behind the spy trial in Seattle, Wash., last year in which Russian naval Lieutenant Redin was acquitted of charges of having purchased classified information about one of our warships. The secret—as told to me by a well informed government official—

Teachers Report Shortage Will Be 7,000 in 3 Years

Predicting a teacher shortage of 7,000 in New York state by 1950, the Steering Committee of the Ulster County Teachers called for immediate action on salary raises at its meeting in the city hall this week.

The session was attended by representatives from the various county supervisory districts, Kingston and Saugerties, and an excellent spirit of cooperation was reported among the teachers in their drive for higher pay.
There is no lessening of effort on the part of this committee, it was said, to endeavor to do everything possible to secure for the teachers of this state, an adequate salary and, for the children, enough well-paid teachers to assure them their rightful educational opportunity.

This committee feels that something must be done now, not a year from now, to restore teachers' living standards and increase the supply of teachers. Nothing less than the \$2,400-\$3,600 minimum salary it was pointed out will enable schools to compete with industry for qualified teachers. "We face a shortage of 7,000 teachers in New York state by 1950 unless we act now," said a spokesman.
The number of teachers withdrawing from teaching each year has increased over 30 per cent since 1939 it was announced and persons qualifying for teaching positions annually here dropped more than 50 per cent. The demand for teachers is rising with increased enrollments.

The next meeting of the Steering Committee of the Ulster County Teachers will be held at the city hall Wednesday, February 26, at 7:30 p. m.
